Synopsis: Stuck on the highway when six city students take refuge in the desert ruins to hide from each other, and to make each other happy, the horrors begin to tell a story) Stories. This film has what I love most about cinema: stories. When we watch a movie, we are looking for a story, not just a plot, which is the main reason we watch a movie. This movie has stories. As I said, they are. There is a story about six young people walking down the highway and we see how they try to avoid each other. They meet on the way and I think there is a story about how they met but eventually they go away.
