This download file contains program to extract. Legend of Zelda Ice piece (Zelda II: The Adventure of Link) art: . Link, the Hero of Time, is searching for the Triforce of Courage. Your task is to guide Link in his quest by preventing the dark shadow from destroying the past, present, and future. Game is the next logical sequel to Game Boy's Legend of Zelda. Beating the game requires a number of items which can be found by solving puzzles and outwitting enemies. Game was released on Game Boy in Japan on December 19, 1993. The Final Fantasy games have been among the most popular video games on numerous platforms. They are role-playing action games, although the most recent Final Fantasy games have taken on a more open-ended fighting system. Storylines and gameplay are similar to that of the original Game Boy Final Fantasy games, but with added features. Subsequent releases of the games have taken a variety of gameplay approaches. Spyro the Dragon is a platform game series. It was released for the Game Boy on October 3, 1992 in North America, where it was a hit. The series continued on the Nintendo 64 and GameCube until 2008. The first video game in the series, upon which later sequels were based, is entitled Spyro: Year of the Dragon. Each game features a character called a "Dragon Master" who has "Dragon Powers". There are also several enemies referred to as "Dragon Lords", which possess the power to engulf a character in a sphere of fire. The character who acquires the "Dragon Power" can manipulate fire and other forms of energy. Fireballs and other forms of energy form the basic attacks in a Spyro game. Spyro 2 and subsequent games each feature two-player cooperative gameplay. The first game features a co-op mode with the Dragon Master, and the second features two players simultaneously controlling different characters. Final Fantasy IV is a role-playing game for the Game Boy. It was released on August 16, 1994 in Japan, and later in 1995 and 1996 in Europe and North America. It is the
