Autodesk is a software company that offers many products in various fields. AutoCAD, known as a CAD software, is one of their most popular programs. Since its first release in 1982, it has been adopted by many professionals and enthusiasts around the world. The latest version of the program, AutoCAD 2019, includes many new features and fixes to make it more robust and compatible. One of the most noteworthy features introduced with AutoCAD 2019 is the application licensing. Users can purchase a single copy of AutoCAD for as low as \$99.99, or purchase AutoCAD 2019 for the same price. The "Academic/Personal" license is suited for schools and individuals that use this application for a single project. For students and
