What's new in Fantasy Grounds - Strange Supernaturals, Volume 10 (Token Pack):

Strange Supernaturals is a weekly Fargios review and token review, every Friday. You can find it on www.fantasygrounds.com. This week's review is focused on Strange Supernaturals. Strange Supernaturals, despite being a somewhat loose collection of stories, is a massive contribution to the superhero movie industry, with a lot of well-known characters being covered. Strange Supernaturals Volume 10 (Token Pack) Interior art courtesy of Daniel Hindman (www.danielhindman.com) All of these tokens seem to have the same amount of art, being colored in a simple, uniform style. But I am curious to what extent this is true and whether or not it's a sample of comic book coloring, as opposed to digital coloring. Having said that, this is a lesser-known product, which is why I feel as though I should be kind to it, so let's dig in.
